

# Evolution HD

FULL HD RECORDING  
COMPACT  
LARGE STORAGE CAPACITY  
APPLE & WINDOWS EDITING

The Med X Change EvolutionHD offers the latest in FULL 1080p video recording in a compact device all while delivering brilliant HD video quality designed for both Apple and Windows editing.

Capture HD Video and Stills from microscopes, endoscopes into H.264 .mp4/.mov/.avi, JPEG, BMP, PNG, DICOM. The EvolutionHD has iPad/iPhone integration and allows you to copy stils to an SD card and plug directly into a tablet.

The EvolutionHD has one touch recording from remote, buttons on the device or an optional external touch screen and comes with an integrated 12.7cm display of the main integrated screen, live video or user interface.

The device has a large storage capacity of 750 GB and is capable of recording up to 100 hours of HD video. You also have the option of recording to an external USB hard drive if you desire.

## Printing/Playback/copy

- Printing patient images is made easy as the EvoultionHD allows you to Auto Print to Sony Medical Grade Printers.
- You can easily playback video and still images and copy to external USB media .
- The MedXStream iPad/iPhone Phone App offers the ability to pair with our Evolution HD recorder . Connect securely and wirelessly to your EvolutionHD and instantly access your surgical cases to Review, Playback and Download.
- Files are HIPAA secure with user name and password protection.
